

**PELLA® WOOD ENTRY DOOR**  
**I. LIMITED WARRANTY**  
**AND**  
**II. FACTORY FINISH LIMITED WARRANTY**

**IMPORTANT NOTICE: Read this entire Pella Limited Warranty and Limitation of Liability (“Limited Warranty”) before purchasing or installing this product. By installing this product, you are acknowledging that this Limited Warranty is part of the terms of sale.**

**I. PELLA WOOD ENTRY DOOR LIMITED WARRANTY**

This Limited Warranty applies only to Pella wood entry doors, door frames, sidelights and transoms (“Covered Products”). Pella makes the following exclusive express Limited Warranties for Pella Wood Entry Door System products installed within the United States and Canada, subject to the stated limitations. This Limited Warranty is not transferable.

**Nonglass Materials and Workmanship — Nontransferable Limited Warranty.**

Pella warrants that the nonglass components of its Pella Wood Entry Doors shall be free of manufacturing defects in material or workmanship that significantly impair their proper operation and function for two (2) years from the date of sale by Pella or its authorized dealer. Should the warranted wood entry door be found to contain defects in materials or workmanship as installed in its original door opening occurring within two (2) years from the date of sale by Pella or its authorized dealer, Pella shall, and at its sole option: 1) repair or replace defects, material or workmanship that significantly impairs the proper operation and function (with cost of labor being included within two [2] years of the date of sale by Pella or its authorized dealers) or 2) refund the original purchase price. Grilles or any other alterations not installed by Pella Corporation may void this warranty. This Limited Warranty on Nonglass Components does not apply to hardware finishes.

Since many minor flaws can be repaired or corrected, all items should be inspected thoroughly for such defects upon receipt and **before** machining. Please be aware that the machining of a door, sidelight or transom constitutes acceptance of the product as it was received by our customer. Any minor flaws or defects that may exist at the time of machining will not be considered as defective product or claimable once machining has been completed. So, please inspect all items thoroughly before the machining process takes place. These doors are shipped to you unsealed and unfinished, so we do not warrant against the natural characteristics of the wood which may occur in the various conditions encountered from our plant to your finished opening. Because the wood can respond in different ways to the variety of atmospheric and environmental conditions, it is imperative that special attention is given to the door and the necessary care and effort taken to protect the door in the unfinished state to minimize the potential for problems.

**Nondecorative and Decorative Glass Ten-Year (10-Year) Limited Warranty.**

Pella warrants that all the glass (clear insulated and decorative insulated) shall be free from premature failure or permanent material obstruction of vision due to a failure of the glass seal for ten (10) years from the date of sale by Pella or its authorized dealer. If Pella is given notice of a glass defect occurring within ten (10) years of the date of sale by Pella or its authorized dealer, Pella shall, at its sole option: 1) repair or replace the defective glass (with the cost of labor included only within two (2) years of the date of sale by Pella or its authorized dealer) or 2) refund the original purchase price.

**IMPORTANT REQUIREMENTS FOR YOUR WARRANTY:**

1. Doors must be installed providing protection from exposure, typically with a standard overhang extending outward a distance equal to one-half its height from the bottom of the door up to the overhang to be covered by this warranty.
2. Any deterioration caused by failure to finish and seal all exposed surfaces and edges of the door within 14 days of delivery are not covered by this warranty. For continued protection, the finish needs to be maintained yearly.
3. Please comply with all of the handling and finishing instructions completely to validate the warranty. The product must be hand sanded before finishing.

#### **IMPORTANT HANDLING, FINISHING and INSTALLATION INSTRUCTIONS**

1. Most finishes on exterior doors deteriorate relatively quickly. To insure exterior doors receive the protection required, inspect the condition of exterior finish at least once a year and refinish as often as needed to maintain the protective stability of the finish.
2. Entrance doors shall always be shipped and stored vertical (not leaning).
3. Doors shall not be exposed to excessive heat, dryness, humidity or direct sunlight prior to finishing.
4. Handle door with clean gloves and do not drag doors across each other or other surfaces.
5. If doors are stored on the job site for more than 14 days, all exposed surfaces and edges of the door must be finished and sealed — even if stored out of the elements.
6. All hardware locations, preparations and methods of installation must be appropriate for the specific door.
7. All doors 7' and under must have three hinges. Doors over 7' must have four hinges. (Exception: 8' Round Top will have three hinges)
8. Prior to finishing, remove all handling marks with 150 grit or finer sandpaper and remove all sanding dust.
9. Apply sealer, primer or first coat of required finish immediately after fitting, cutting for hardware, etc., and before the installation of hardware.
10. **ALL EXPOSED SURFACES OF THE DOOR MUST BE SEALED, INCLUDING THE TOP, BOTTOM, SIDE EDGES AND THE HARDWARE CUTOUTS.**
11. NOTE: An interior-grade lacquer is NOT a satisfactory product for exterior use.
12. All exterior surfaces — including the top, bottom and sides of the door — must be finish coated with good quality exterior grade paint or top coat. **(AT LEAST 3 [THREE] COATS OF EXTERIOR GRADE TOP COAT WITH A UV INHIBITOR MUST BE APPLIED.)**
13. In order not to induce warpage or excessive deterioration of your door, avoid using dark stains or paints on the door surfaces exposed to direct sunlight.

#### **CONDITIONS APPLICABLE TO ALL SALES AND LIMITED WARRANTIES**

**Limitation of Warranty. FAILURE TO COMPLY WITH PELLA'S HANDLING, FINISHING, INSTALLATION AND MAINTENANCE INSTRUCTIONS VOIDS ALL WARRANTIES UNLESS IT IS CLEARLY ESTABLISHED BY THE BUYER OR USER OF THE PRODUCT THAT THE DEFECT OR FAILURE IS UNRELATED TO SUCH NONCOMPLIANCE.** These warranties do not extend to the use of Covered Products under abnormal conditions, conditions that exceed the stated performance parameters of the product as provided on the product labeling and in the *Pella® Architectural Design Manual*, or under conditions not reasonably foreseeable to, or beyond the control of Pella. Buyer and User assume the risk of any such use. This Limited Warranty is the exclusive warranty for Pella wood entry door products. **NEITHER PELLA NOR SELLER MAKE ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE. NO IMPLIED WARRANTY SHALL EXTEND BEYOND THE PERIODS COVERED BY THIS EXPRESS LIMITED WARRANTY.** This disclaimer of implied warranties may be limited or ineffective if you are a consumer, as that term is defined by the Magnuson Moss Act, 15 U.S.C. § 2301, in which case the duration of any implied warranties shall be two (2) years from the date of sale by Pella or its authorized dealer. Some states do not allow limitations on how long an implied warranty lasts for consumers, so the above limitation may not apply to you, in which event the manner of presenting any claim thereon shall be the same as provided

in the express warranties stated herein. This Limited Warranty gives you specific legal rights, and you may have additional rights which vary from state to state.

**Allocation of Risks of Pella® Wood Entry Door Systems Performance.**

Because all construction must anticipate some water infiltration, it is important that the wall system be designed and constructed to properly manage moisture. Pella Corporation is not responsible for claims or damages caused by anticipated or unanticipated water infiltration; deficiencies in building design, construction and maintenance; failure to install Pella wood entry door products in accordance with Pella installation instructions; or the use of Pella wood entry door products in barrier wall systems which do not allow for proper management of moisture within the wall system (see below). The determination of the suitability of all building components, including the use of Pella entry door products, as well as the design and installation of flashing and sealing systems, is the responsibility of Buyer or User, the architect, contractor, installer or other construction professional and is not the responsibility of Pella. All such risks related to building design and construction — or the maintenance, installation, and use of Pella wood entry door products — shall be assumed by Buyer and/or User.

**IMPORTANT NOTICE** — Pella wood entry door products should not be used in barrier wall systems which do not allow for proper management of moisture within the wall systems, such as Exterior Insulation Finish Systems, (EIFS) (also known as synthetic stucco) or similar systems. Except in the states of California, New Mexico, Arizona, Nevada, Utah and Colorado, **Pella makes no warranty of any kind on and assumes no responsibility for Pella wood entry doors installed in barrier wall systems. In the states listed above, the installation of Pella products in EIFS or similar barrier systems must be in accordance with Pella’s instructions for that type of construction.**

**Limitation of Liability.**

This Limited Warranty sets forth the maximum liability for our products. **IN NO EVENT (INCLUDING WHERE THIS LIMITED WARRANTY IS DEEMED NOT TO APPLY TO THE SALE OR PRODUCT IN QUESTION) SHALL PELLA OR SELLER BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES RESULTING FROM THE SALE, INSTALLATION OR USE OF ANY PELLA PRODUCTS.** Some states do not allow the exclusion or limitation of incidental or consequential damages for consumers, so the above limitation or exclusion may not apply to you.

**Limitation of Remedy.**

**THE EXCLUSIVE REMEDY OF THE BUYER OR USER, AND THE SOLE LIABILITY OF PELLA AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE SALE, INSTALLATION OR USE OF THESE PRODUCTS, SHALL BE, AT THE OPTION OF PELLA, THE REPAIR OR REPLACEMENT OF THE PRODUCT OR THE RETURN OF THE ORIGINAL PURCHASE PRICE OF THE PRODUCT, AS PROVIDED HEREIN. IN NO EVENT SHALL THE LIABILITY OF PELLA OR SELLER EXCEED THE PRICE PAID FOR THE PRODUCT.**

Replacement product shall be a reasonably similar current product and may not exactly match the original. Even where Pella chooses to repair or replace the product within two (2) years of the date of sale, the costs covered by this warranty do not include any labor or material costs associated with finishing space surrounding or adjacent to the repaired or replaced product — including furnishing any trim or other carpentry work. Replacement product provided pursuant to this Limited Warranty shall be subject to the applicable Pella® Product Limited Warranty only for the remainder of the original warranty period on the product being replaced. If Pella or Seller provides any of the remedies identified in the Limited Warranties above (i.e., repair, replacement of product or refund of the purchase price), then Buyer and/or User agree that this limitation of remedy shall not have failed of its essential purpose.

The WDMA certification standards measure the performance of a single sample of the product at the time of manufacture. Performance of Pella products, as measured by the WDMA standards, will change over time depending upon the conditions of use. For details on Hallmark Certification, go to [www.WDMA.com](http://www.WDMA.com). All Hallmark Certification performance ratings apply to individual products only. Pella makes no claims as to the overall performance of mulled and/or product combinations.

#### **NFRC Standards.**

Pella® products labeled with the National Fenestration Rating Council (NFRC) energy-performance label are tested in accordance with NFRC standards. NFRC ratings are based on a combination of computer simulations and physical testing of product samples. For details on NFRC energy performance ratings, go to [www.NFRC.org](http://www.NFRC.org).

#### **Argon.**

For Pella wood entry door products labeled as having Low-E insulating glass with argon, Pella injects argon at the time of manufacture. No warranty is made as to the amount or percentage of argon present in the insulating glass. It is known that argon within insulating glass dissipates over time. The manner of use and conditions of installation of the product will affect the rate of dissipation of argon out of the insulating glass. Pella makes no warranty regarding the rate of dissipation of argon or the amount of argon remaining in the window at any time after manufacture.
