Exclusively Weather Protection System

Protect your home with our exclusive weather repel system on single- and double-hung windows. It has three points of protection to channel water away from the home – including triple weatherstripping.

High-Grade Vinyl Frames

The multichambered, fully welded sash and frame improves the strength and thermal performance of our windows. Our precision welding process makes a strong and more durable product that resists warping and twisting.

Energy Efficient

Encompass by Pella products offer energy-efficient options that will meet or exceed ENERGY STAR® guidelines in all 50 states.¹

Low-Maintenance, Quality Vinyl

The solid color throughout Encompass by Pella vinyl keeps minor dings and scratches virtually invisible and means no more painting. Our true glide balance system ensures years of smooth operation for single- and double-hung windows to open and close easily and quietly.

Styles and Options for Every Budget

Encompass by Pella products have options to fit every budget. They feature the most popular styles and options including White, Almond and Fossil colors.

Convenience and Privacy Options

Protected from dust and damage, between-the-glass blinds and grilles never need cleaning.² They are permanently sealed between insulating glass to create a smooth, easy-to-clean surface.

Limited Lifetime Warranty

Pella products are backed by some of the strongest warranties in the business. See written limited warranty for details, including exceptions and limitations, at installpella.com/warranties.³

Testing Beyond Requirements

At Pella, our products are tested beyond requirements to help ensure they have long-lasting performance and reduce call-backs for you.

Available in these window & patio door styles:

Fixed and special shape windows also available.

### GRILLES

Grilles are color-matched to the window or patio door interior and exterior frame color.¹

**GRILLES**

- **Grilles between-the-glass flat 5/8"** (West Region Only)
- **Grilles between-the-glass contour 3/4"** (East Region Only)

¹ See back cover for disclosures.
WINDOW HARDWARE

SLIDING, SINGLE- AND DOUBLE-HUNG

Pella’s cam-action locks push the sashes against the weatherstripping for a tighter seal. Optional AutoLock hardware automatically locks the window when it is shut, simply close the sash and confirm it latches.

INTEGRATED SASH LIFT

Make raising and lowering single- and double-hung window sashes easy with a standard, integrated sash lift.

WINDOW LIMITED OPENING DEVICES

A vent stop can be engaged or disengaged manually and restricts how far the bottom sash of a single- or double-hung window can open. A window opening control device (WOCD) complies with a safety standard and allows for ventilation, emergency escape and rescue when released. A WOCD automatically limits the sash opening to less than four inches, unless it is intentionally disengaged, enabling the sash to fully open.

PATIO DOOR HARDWARE

SLIDING PATIO DOOR

Match the door’s exterior color with a color-matched, corrosion-resistant handle, or upgrade the interior finish to add a touch of style.

COLOR-MATCHED FINISHES:

WHITE  ALMOND  FOSSIL

FINISHES:

WHITE  ALMOND  FOSSIL

ADDITIONAL INTERIOR FINISHES:

BRIGHT BRASS  OIL-RUBBED BRONZE  SATIN NICKEL

COLORS

FRAME COLORS

Color-matched frames to complement a home.

SOLID-COLOR:

WHITE  ALMOND  FOSSIL
