Pella® Hurricane Shield Series™

Unwavering hurricane protection with exceptional everyday performance.

Vinyl Windows & Patio Doors
Why You Can Trust Pella.

At Pella, we don’t just create windows and doors. We innovate with purpose, design with passion, build with integrity and deliver with pride.

Rated #1 by homeowners for highest quality

We make products specifically for you and your comfort with meticulous care and attention. And it doesn’t stop there. Our product designs are tested to extremes, so you can trust them to perform. Door designs are opened and closed 100,000 times, and hung and casement window designs are tested at least 6,000 times.

Rated #1 by homeowners for innovation

We are continually striving to improve what we do and how we do it. That drive has earned us 150 patents and counting for amazing innovations. In 1925 we opened our doors with the patented Rolscreen® retractable screen, a time-tested innovation that is still one of our most desired features today.

Backed by one of the strongest limited lifetime warranties

You can feel confident in your investment. We pride ourselves on providing exceptional quality, exceeding expectations and going beyond requirements. That’s why we stand behind all of our vinyl products with a limited lifetime warranty.

2 Rated #1 by homeowners for innovation. For more information, contact your local Pella sales representative or go to energystar.gc.ca.
Pella’s unique vinyl formula is performance-tested for excellent weathering, durability and color retention. This means you won’t have to paint, stain or refinish your windows.

**Why Vinyl from Pella?**

**Designed for strength and durability.**

Our energy-efficient, multichambered frames and metal-reinforced interlocking sashes provide extra support to your window. Our exclusive designs help prevent warping, sagging and bowing.

**Energy efficiency.**

Slowing the transfer of heat, our multichambered frames help keep your home more comfortable. Pella offers energy-efficient options that will meet or exceed ENERGY STAR® guidelines in Florida and beyond.*

**Quality that lasts.**

The same high-quality materials and manufacturing processes are used across our entire portfolio of vinyl products. We go beyond industry requirements and customer expectations to test individual parts and entire products for exceptional, long-lasting performance.

Why Choose Pella® Hurricane Shield Series™?

Pella Hurricane Shield Series products are engineered to withstand hurricanes and the most stringent coastal requirements – all while providing exceptional everyday performance. Trust a leader in windows and doors since 1925 to help protect your home.

Trusted hurricane protection.
Engineered and tested to withstand Florida hurricanes and the most stringent coastal requirements, Pella Hurricane Shield Series impact-resistant windows and patio doors help protect your home and everything inside. Our products do not require any additional storm preparation, simply close and lock your windows and patio doors*. It’s that simple.

Exceptional everyday performance.
Safeguard your home from hurricanes and more with advanced glass technology. From noise control and blocking UV rays to security against intruders, Pella Hurricane Shield products with laminated glass provide unwavering protection for your home and everything inside.

Precise installation.
When it comes to performance, installation matters – which is why Florida installation requirements are so stringent. Pella Hurricane Shield Series products are built to make the installation process as seamless as possible. Making your home secure – quickly, easily and reliably.

Backed by one of the strongest warranties in the industry.
Pella Hurricane Shield Series is backed by one of the strongest warranties in the industry. And with nearly 100 years in the business, Pella has you covered.

* No additional preparation needed to comply with most local impact requirements.
Automatically locking hardware.
When you close your single-hung and sliding windows, they automatically lock to help keep your home more secure.*

Impact and laminated glass.
With an exceptionally strong polymer interlayer between the sheets of glass, the pane holds together if it shatters. This helps prevent damage and injury caused by wind, water and debris. This advanced glass technology also:

- Reduces more outside noise
- Blocks nearly 100% of UV rays
- Keeps your home more comfortable
- Helps prevent forced entry

Strong, energy efficient frame.
Featuring up to 18 insulating air chambers for exceptional energy efficiency and comfort. Thick vinyl walls add structural integrity.

Pressure prevention system.
An intentionally designed sash recessed back into the frame provides protection for your home from hurricane force winds and intruders. Single-hung windows are designed for an extra level of protection with a non-tilting sash.

Tested and certified.
Pella® Hurricane Shield Series™ offers options certified for use in Miami-Dade and Broward counties and the High Velocity Hurricane Zone. Giving you confidence that your windows and patio doors will help protect your home and everything inside.

Precise-installation frame design.
Our products arrive with installation holes pre-drilled into the frame to speed up installation and make it as seamless as possible.

* Automatically locking hardware comes standard on single-hung and sliding versions.

Unwavering hurricane protection, exceptional everyday performance.
Finish & Colors
Create a signature look with solid-color and dual-color frames. Made with our performance-tested, exclusive vinyl formula, you won't have to paint, stain or refinish your windows.

Frame Colors
- **Solid Color Frame:**
  - White
  - Bronze
- **Dual-Color Frame:**
  - White interior with Bronze exterior

Window Hardware
A fold-away crank folds neatly out of the way so it won't interfere with roomside window treatments.

Casement & Awning
A fold-away crank folds neatly out of the way so it won't interfere with roomside window treatments. When you close the window, they automatically lock to help keep your home more secure.

Fold-Away Crank
- **White**
- **Bronze**

Sliding & Single Hung
Automatically locking hardware comes standard on your single-hung and sliding windows.

AutoLock
- **White**
- **Bronze**

Frosted with Neat Low-E insulating dual-pane glass

Screen
InView® screens are clearer than conventional screens and come standard. InView screens let in 14% more light and 8% more open for improved airflow compared to conventional screens. Screen frame is color-matched to your window or patio doors.

Screen
- Flat

1 Insulated and tempered glass strengths available. Tempered is thicker and available on single-hung windows only.
2 Warning: Screen will not stop child or pet from falling out of window or door. Keep child or pet away from open window or door.
3 Improved airflow is based on calculated screen cloth openness. Screen cloth transmittance was measured using an integrated sphere spectrophotometer.
