PELLA®
ProLine 450 Series
WOOD WINDOWS AND PATIO DOORS
AT A COMPETITIVE PRICE
Style for less.
Pella® ProLine 450 Series products offer our most popular features, including the natural beauty of wood with low-maintenance aluminum-clad exteriors. With the availability of factory-assembled window combinations, you can make a truly unique design statement that’s so beautiful, they’ll think you hired an architect.

Pella quality for your home.
There’s a Pella ProLine 450 Series product to fit most any window or door opening at a competitive price.

A custom look at a competitive price.
Pella ProLine 450 Series windows and doors offer many of the features found on Pella’s premium wood lines and cost less. You get beautiful wood interiors, low-maintenance EnduraClad® exteriors, and a wide range of standard and special sizes, shapes and styles.
EnduraGuard® wood protection offers advanced protection against the effects of moisture, decay, stains from mold and mildew — as well as termite damage. This proven immersion-treatment method will help ensure that Pella® wood windows and patio doors look and perform beautifully for years.

Factory-prefinished pine interiors. Pella wood products can arrive factory-prefinished in your choice of eight beautiful stain colors, as well as primed, or with White, Bright White or Linen White paint. You get a professional, high-quality finish — eliminating drips, runs and harmful odors.
One of the best warranties in the industry. Pella® ProLine 450 Series products are backed by the Pella 20/10 Limited Warranty. See written warranty for complete details at pella.com/warranty.

EnduraClad® low-maintenance exterior finish helps keep the exterior of your window or patio door protected from the elements and is fade-resistant. So your windows and patio doors will look great for years.
A wood product that’s just right for you.

Casement and Awning Windows
Smooth openings and closings.
Stainless steel operating arms and hinges resist rust and corrosion.

Simple to operate.
Unison Lock System secures the window in two places with one easy-to-reach handle.

More convenient handle design.
Fold-away handle won’t get in the way of roomside window treatments.

Easier cleaning.
Easy-clean wash feature makes it simple to clean the exterior glass from inside your home.

Double-Hung Windows
Easy operation.
Our Advanced Balance System helps ensure that your window will open and close easily for years to come.

Strong protection against the weather.
Pella’s cam-action locks pull the sashes tight against the weatherstripping.

Easier cleaning.
Opening sash tilts in – making it easy to clean the exterior glass from inside your home.

Bay and Bow Windows
Added character and space.
Bay windows feature high-quality stain-grade birch headboards and seatboards.

More light and view.
Combine a fixed window with windows that open and close to expand your view outdoors.

A stunning focal point.
Factory-assembled window combinations allow you to create a look that’s all your own.
Combination, Fixed, Special Shape Windows

Curves and angles.
Special Shape windows add architectural interest and natural light.

A quality, seamless look.
Grille options are available to match other Pella® products.

More ways to express your style.
Virtually limitless combinations allow you to create a stunning focal point in your home.

Sliding Patio Doors

Easy operation.
Convenient thumb lock allows you to open and close the door with one hand.

Better draft protection.
Pella’s unique design puts the sliding panel on the outside. So when the wind blows against it, it creates a tighter seal.

More light and a clearer view.
Optional top-hung sliding screen* door is made with Pella’s high-transparency InView™ screen.

Hinged Patio Doors

Stunning design and functionality.
Choose from two movable doors that swing open from the center, one movable door with one fixed door, or the simple elegance of a single door.

Added peace of mind.
Advanced multipoint locking system secures the door at the top, middle and bottom for added security.

More fresh air.
Optional hinged screen doors are available to match your patio door’s EnduraClad® exterior finish color and feature Pella’s high-transparency InView screen.

Comfort in. Weather out.
Pella® products offer exceptional energy-efficient performance wherever you live.

Glass at a glance.
Pella’s InsulShield® Low-E Glass Collection\(^1\) features our most innovative and energy-saving choices, designed for your specific needs.

For many U.S. climates.
**GLASS TYPE:** Advanced
Low-E Insulating Glass with Argon\(^2\)
Unique Low-E technology delivers balanced insulation for cold winters and hot summers.

For very hot, sunny climates.
**GLASS TYPE:** SunDefense™
Low-E Insulating Glass with Argon\(^2\)
Allows in visible light and provides a clear view, while helping to block the heat of the sun.

---

1 Glass options can be upgraded to offer the benefits of our InsulShield Low-E Glass Collection. Glass options may vary per product. See specific product information for availability.

2 Optional high-altitude Low-E insulating glass does not contain argon in most products. Please see your local Pella sales representative for more information.

3 Some Pella products may not meet ENERGY STAR® certification in Canada. For more information, contact your local Pella sales representative or go to nrcan.gc.ca/energy/products/categories/fenestration/13739.

4 Ranges are based on the average savings among homes in modeled cities. Actual savings will vary based on local climate conditions, utility rates and individual home characteristics. For more information on the benefits of ENERGY STAR certified windows and doors, go to energystar.gov/products/building_products/residential_windows_doors_and_skylights/benefits.
Helping you save on heating and cooling costs.
Installing ENERGY STAR® certified windows and doors can lower energy costs. With more efficient windows, you can also use less energy, which reduces greenhouse gas emissions from power plants.

For a typical home, when replacing single-pane windows with ENERGY STAR certified windows, you can save on average:

$101 to $583 per year

And 1,006 to 6,205 pounds of carbon dioxide (CO₂), which is equivalent to 51 to 317 gallons of gasoline a year.

More panes, more gains. Many older homes have single-pane windows, which can lead to higher heating and cooling costs and drafty interiors. Multiple panes of glass create an air chamber that can dramatically increase energy efficiency and comfort.

Glass for a wide range of needs.
In addition to exceptional energy efficiency, you’ll find great glass options that help with privacy, glare and noise control.

For more information on glass, see your local Pella sales representative or visit: CHOOSEPELLA.COM/GLASS
