

Pella® 150 Series VINYL

Available exclusively at

Quality vinyl windows and patio doors, backed by Pella.¹

Double-Hung

- **LONG-LASTING, QUALITY VINYL FRAMES**
Pella 150 Series windows and patio doors use a precision welding process to help resist warping and twisting. Our easy-care vinyl also uses a fade-resistant formula that is performance-tested for excellent weathering, durability and color retention.
- **EASIER INSTALLATION**
To reduce installation time, block frame double-hung windows come with factory-applied perimeter foam insulation and sliding patio doors come fully assembled. Complete installation directions are available at installpella.com.
- **INCREASED ENERGY EFFICIENCY**
Pella 150 Series windows offer solutions that will meet or exceed ENERGY STAR® guidelines in all 50 states.²
- **ALL-METAL LOCKING HARDWARE**
Anchored to the sash, all-metal locking hardware enhances security and ensures long-lasting, dependable operation.
- **SLEEK TILT LATCH DESIGN**
Tilt latches blend with the window sash design and make it easy to clean the exterior of a window from inside the home.
- **CONVENIENCE AND PRIVACY SOLUTIONS³**
Add privacy with blinds-between-the-glass on sliding patio doors. Permanently sealed between panes of glass, they never need cleaning and are protected from damage.
- **LIMITED LIFETIME WARRANTY⁴**
Give your customers peace of mind knowing these products are backed by Pella, a leader in the window and door industry for over 90 years. Pella 150 Series windows and sliding patio doors are backed by one of the best warranties in the business.
- **TESTED BEYOND REQUIREMENTS**
At Pella, our products are tested beyond requirements to help ensure they have long-lasting performance and reduce call backs for you.

Available exclusively at

¹ Pella 150 Series windows and patio doors are available in the East region only.

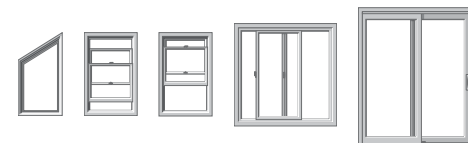

² Some Pella products may not meet ENERGY STAR® guidelines in Canada. For more information, contact your local Pella sales representative or go to energystar.gc.ca.

³ Blinds-between-the-glass available on sliding patio doors only. Grilles are not available with blinds-between-the-glass on sliding patio doors.

⁴ The Pella Limited Lifetime Warranty is non-prorated, meaning the coverages within the defined warranty periods do not decrease over time. See written limited warranty for details, including exceptions and limitations, at pellaatlowes.com/support, or contact Pella Customer Service at 877-473-5527.

⁵ Appearance of exterior grille color may vary depending on the Low-E insulating glass selection.

AVAILABLE IN THESE WINDOW & PATIO DOOR STYLES¹:

Fixed and special shape windows also available.

TOP ROW

WINDOW HARDWARE

SLIDING, SINGLE- AND DOUBLE-HUNG

Pella's all-metal cam-action lock pushes the sashes against the weatherstripping for a tighter seal.

CAM-ACTION LOCK

COLOR-MATCHED FINISHES:

INTEGRATED SASH LIFT

Make raising and lowering single- and double-hung window sashes easy with a standard, integrated sash lift.

WINDOW INTEGRATED SASH LIFT

COLOR-MATCHED FINISHES:

WINDOW LIMITED OPENING DEVICES

A vent stop can be engaged or disengaged manually and restricts how far the bottom sash of a single- or double-hung window can open. A window opening control device (WOCD) complies with a safety standard and allows for ventilation, emergency escape and rescue when released. A WOCD automatically limits the sash opening to less than four inches, unless it is intentionally disengaged, enabling the sash to fully open.

VENT STOP

OPENING CONTROL DEVICE

COLOR-MATCHED FINISHES:

PATIO DOOR HARDWARE

SLIDING PATIO DOOR

Match the door's exterior color with a color-matched, corrosion-resistant handle, or upgrade the interior finish to add a touch of style.
