

# Pella® 150 Series Vinyl Windows

Fixed Rectangle (West Region) | PSE Simplified Package

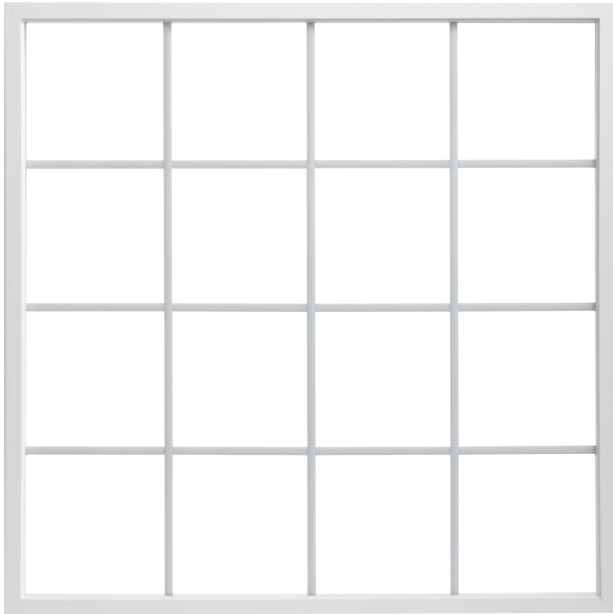

Available at

## Quality vinyl windows and patio doors, backed by Pella.

Pella® 150 Series vinyl windows and patio doors feature long-lasting, quality vinyl frames.

They are energy efficient and tested for excellent weathering, durability and color retention.

### FIXED RECTANGLE WINDOW PACKAGE:

- Dual-pane Low-E insulating glass
- Fade-resistant vinyl formula for excellent weathering, durability and color retention
- Available in three colors to meet your project's needs

## \$375.00

up to and including 101 united inches (U.I.)

**+ Add \$2.45 per U.I. for each U.I. over 101**

Window width + window height = U.I. (always round up).

Example: A 35.25-in. x 71.5-in. window is equivalent to 108 U.I. This is 7 U.I. over 101.  $\$375.00 + (7 \times \$2.45) = \$392.15$

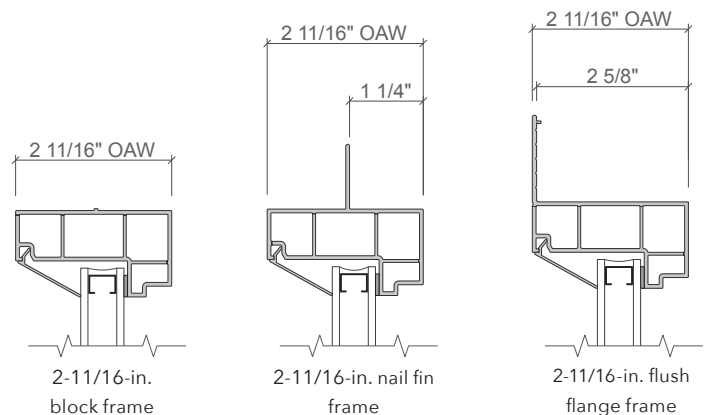

### FRAME SIZE

	Minimum	Maximum
Width	11.5-in.	108-in.
Height	11.5-in.	108-in.

Note: Maximum of 108-in. in one direction; 40 sq. ft. maximum

### FRAME TYPES

- Block and nail fin frames can be used in new construction, full frame replacement and renovation applications, and pocket replacement construction applications.
- Nail fin frames allow for easy installation and integration with the water resistive barrier.
- Flush-flange frames are typically used in replacement installation applications, used to install against existing stucco facade, covering the existing window frame and creating a simple method for water management and an aesthetically appealing exterior look.
- Frames include interior and exterior accessory grooves for added convenience and versatility.
- Custom sizes are available in 1/8-in. increments for a precise fit.
