FRAME COLORS

Color-matched frames to complement your home.

WHITE  ALMOND  FOSSIL
**Grilles, Transoms & Sidelights**

**Grilles**

Grilles are color-matched to your window or patio door.

**Aluminum Grilles-Between-The-Glass:**

- **Flat 5/8”**
- **Contour 3/4”**
- **Contour 1”**

**Grille Patterns**

Choose from a variety of grille patterns for the traditional look of divided light.

- **6-Lite Prairie**
- **9-Lite Prairie**
- **Traditional**
- **Top Row**
- **Custom**
  - Equally Divided
  - Starburst™
  - Sunburst™
  - Perimeter™

**Transoms & Sidelights**

Combine your patio door with matching sidelights and a transom to add more light and style. Factory-assembled combinations are also available.

---

1 Appearance of exterior grille color may vary depending on the Low-E insulating glass selection.
2 Available in West Region only.
3 Not available with blinds-between-the-glass on sliding patio doors.
4 Available in East Region only.
5 Grille patterns offered may vary per product. See specific product information for availability.
6 Only available with a curved product or curved glass.
Window Hardware ENCOMPASS BY PELLA®

**CAM-ACTION LOCK**

Pella’s cam-action locks pull sliding, single- and double-hung sashes against the weatherstripping for a tighter seal. Optional AutoLock hardware automatically locks the window when it is shut, simply close the sash and confirm it latches.∗

![CAM-ACTION LOCK](image1)

**COLOR-MATCHED FINISHES:**

- White
- Almond
- Fossil

![AUTOLOCK](image2)

**INTEGRATED SASH LIFT**

Make raising and lowering single- and double-hung window sashes easy with a standard, integrated sash lift.

![WINDOW INTEGRATED SASH LIFT](image3)

**COLOR-MATCHED FINISHES:**

- White
- Almond
- Fossil

**WINDOW LIMITED OPENING DEVICES**

A vent stop can be engaged or disengaged manually and restricts how far the bottom sash of a double-hung window can open. A window opening control device (WOCD) complies with a safety standard and allows for ventilation, emergency escape and rescue when released. A WOCD automatically limits the sash opening to less than four inches, unless it is intentionally disengaged, enabling the sash to fully open.

![OPENING CONTROL DEVICE](image5)

**COLOR-MATCHED FINISHES:**

- White
- Almond
- Fossil

∗ Autolock hardware available in West Region only.
Coordinate the door handle’s interior color with other finishes in your home.

**FINISHES:**

- WHITE
- ALMOND
- FOSSIL
- BRIGHT BRASS
- SATIN NICKEL
- OIL-RUBBED BRONZE

**SLIDING PATIO DOOR HANDLE**

Dress up your sliding patio door with blinds-between-the-glass.

**BETWEEN-THE-GLASS BLINDS**

* Only available on 60" x 80" and 72" x 80" doors.

### Screens

**FLAT**

Durable and functional, conventional fiberglass screens come standard on all vinyl windows. On sliding patio doors, optional heavy-duty sliding screens are available.

---

¹ InsulShield Low-E insulating glass is available without argon in most products.
² Not available with blinds-between-the-glass on sliding patio doors.
³ Warning: Screen will not stop child or pet from falling out of window or door. Keep child or pet away from open window or door.
