PELLA® RESERVE™ TRADITIONAL

WOOD & ALUMINUM-CLAD WOOD WINDOWS & PATIO DOORS

EXQUISITELY DESIGNED WINDOWS AND DOORS WITH UNPARALLELED HISTORICAL DETAILING.
NOW YOU SEE THEM, NOW YOU DON’T.
Self-storing Integrated Rolscreen® retractable screens let in light, fresh air and nothing else. Close the windows and they roll out of sight.

WHY YOU CAN TRUST PELLA
At Pella, we don’t just create windows and doors. We innovate with purpose, design with passion, build with integrity and deliver with pride.

RATED #1 BY HOMEOWNERS FOR INNOVATION¹
We are continually striving to improve what we do and how we do it. That drive has earned us 150 patents and counting for amazing innovations. In 1925 we opened our doors with the patented Rolscreen® retractable screen, a time-tested innovation that is still one of our most desired features today.

RATED #1 BY HOMEOWNERS FOR HIGHEST QUALITY¹
We make products specifically for you with meticulous care and attention. Our wood craftsmen have been honing their skills, on average, for over 14 years – that’s longer than it takes for most to earn their PhD. And it doesn’t stop there. Our product designs are tested to extremes, so you can trust them to perform. Door designs are opened and closed 100,000 times, and double-hung and casement window designs are tested at least 6,000 times.

#1 LIMITED LIFETIME WARRANTY FOR WOOD WINDOWS AND PATIO DOORS²
You can feel confident in your investment. We pride ourselves on providing exceptional quality, exceeding expectations and going beyond requirements. That’s why we stand behind all of our windows and patio doors with a limited lifetime warranty.²

WHY CHOOSE WOOD?
Get the beauty and warmth of natural wood, our most customizable designs and exceptional energy efficiency. All Pella wood products are made with high-quality wood, metal and manufacturing processes, regardless of product line.

EXCLUSIVE WOOD PROTECTION
Pella’s exclusive EnduraGuard® wood protection is applied after the pieces have been cut and milled, but prior to final assembly, providing advanced protection against the elements.

DESIGNED FOR LONG-LASTING DURABILITY
Intentional jamb-on-sill design helps seal the end grain of the wood and elevates it off the rough opening, reducing the potential to absorb moisture. For added strength and durability, our three-way corner joints are made up of mortise-and-tenon, metal fasteners and commercial adhesive.

QUALITY EXTERIOR AND INTERIOR FINISHES
Extruded aluminum-clad exteriors feature through-stile construction for exceptional durability and EnduraClad® finishes that resist fading and chalking. Interiors can be factory pre-finished to save time. Our prefinish is applied prior to final assembly and kiln-cured for a quality finish.

#1 LIMITED LIFETIME WARRANTY FOR WOOD WINDOWS AND PATIO DOORS*
You can be confident in your investment. At Pella, we are committed to designing and building wood products with exceptional quality and durability. This is supported by:

ENDURAGUARD® WOOD PROTECTION
Advanced protection for wood against the effects of moisture, decay, stains from mold and mildew — as well as termite damage.

EXTERIOR ALUMINUM CLADDING
Exceptionally durable aluminum cladding with EnduraClad® exterior finish helps protect windows and patio doors for years.

INSULATING GLASS SEAL
A long-lasting insulating glass seal provides a clear view and exceptional energy efficiency.
